What to place on your credit report if you should fall victim....

Initial (one year) fraud alerts: place with one credit agency and they will contact the other two. This is free.

Extended Fraud Alerts: Lasts for 7 years. If you become a victim of identity theft you need to send a valid police report or FTC identity theft report to *each agency*. *Free if identity is stolen.*

Credit or Security Freezes: *must be placed separately* at each credit agency. Restricts access who can access your credit report to open new accounts or take out a loan.

Contact the national credit bureaus to request fraud alerts, credit freezes etc.

Prevention Tips

Don’t carry your Social Security card in your wallet

Don’t print your SSN or driver’s license number on your checks.

Shred sensitive information.

Limit the number of credit cards you carry.

Keep copies of credit cards (front and back) in a safe place in case a card is lost or stolen.

Careful what you post on social media

Don’t trust your caller ID. Scammers can make any name or number show up on your caller ID.

CELEBRITY (IMPOSTER) SCAMS

Criminals pose as celebrities to nurture a relationship with their target before the “ask”.

In private messages the con profiles the target to determine the best approach.

If a target is lonely, it’s a romance scam;
if altruistic, it’s a charity scam.

The criminals invent excuses about why they (wealthy celebrities) supposedly can’t access their funds.

Recent advances in artificial intelligence (AI) make these scams harder to identify, as they offer criminals the tools they need to mimic voices, alter photos and avoid the spelling and grammar mistakes that once were red flags for fraud.

Imposter scams were the #1 fraud complaint in 2023 with total losses of \$2.7 billion.
(above taken from www.aarp.org)

ROMANCE SCAMS Adults of all ages are

going online in hopes of finding love and companionship. But there can be a downside

WARNING SIGNS

*Your new romantic interest sends you a picture that looks more like a model from a fashion magazine

*The person quickly wants to leave the dating website and communicate with you through email or instant messaging.

*They lavish you with attention, texts, emails and phone calls

(www.aarp.org)

*The scammer wants to establish a relationship as quickly as possible, endear himself to the victim, and gain trust.

*Scammers may propose marriage and make plans to meet in person, but that will never happen.

*Eventually, they will ask for money.

*If someone you meet online needs your bank account information to deposit money, they are most likely using your account to carry out other theft and fraud schemes.

(FBI.gov)

BEWARE the Faux Phone Call

The phone is still #1 in the hearts of scammers.

Use your voicemail or answering machine to screen incoming calls when you aren’t absolutely certain who is calling. You can’t trust caller ID because scammers use technology to hide their identity.

“YOU’VE WON” SCAMS

Here’s how they work: You get a card, a call, or an email telling you that you won! Maybe it’s a trip or a prize, a lottery or a sweepstakes.

The person calling is so excited and can’t wait for you to get your winnings.

But here’s what happens next: they tell you there’s a fee, some taxes, or customs duties to pay.

And then they ask for your credit card number or bank account information, or they ask you to wire money.

Either way, you lose money instead of winning it.

You don’t ever get that big prize. Instead, you get more requests for money, and more promises that you won big.

Here’s what you can do:

1. **Keep your money—and your information—to yourself.** Never share your financial information with someone who contacts you and claims to need it. And never wire money to anyone who asks you to.
2. **Pass this information on to a friend.** You probably throw away these kinds of scams or hang up when you get these calls. But you probably know someone who could use a friendly reminder.

‘TIS THE SEASON

‘Tis the Season is a volunteer organization coordinated by the Coventry Resource & Senior Center serving families in the town of Coventry. It was established in 1992 with its main focus to provide a joyful holiday season for all, especially children. ‘Tis the Season operates through the generosity of the community. Some members of the community have small fundraisers. Others prefer to donate money directly. The Fire Departments graciously conduct an annual “Boot Day” to support ‘Tis the Season. These funds are used to purchase needed food and clothing. Local schools, churches and other organizations hold food drives. Other families, businesses, schools and other local groups choose to “Adopt a Family” through ‘Tis the Season at the holidays.

MEDITATION What Meditation can do for your mind, mood and health...

In the short term, stress quickens your heart rate and breathing and increases your blood pressure. When you're constantly under stress, your adrenal glands overproduce the hormone cortisol. Overexposure to this hormone can affect the function of your brain, immune system, and other organs. Chronic stress can contribute to headaches, anxiety, depression and heart disease.

You can minimize its effects on your body. One of the easiest and most achievable stress-relieving techniques is meditation, a program in which you focus your attention inward to induce a state of deep relaxation.

The beauty and simplicity of meditation is that you don't need any equipment. All that's required is a quiet space and a few minutes each day. (Above taken from www.health.harvard.edu)

*Meditation apps to guide you are available for your smart devices. Some are free. You can also try deep breathing, yoga or hobbies that help you relax and aim for 7-9 hours of quality sleep each night. Stay hydrated & Don't forget to go for regular medical check-ups

There are also Homework Apps such as myHomework, The Homework App and many others which can help your children organize assignments, schedules, tests, due dates and help parents monitor progress etc.

Research to find the best apps to help your children be successful and keep them safe !

HERE ARE SOME POPULAR SOCIAL MEDIA SITES & APPS that teens use...

Youtube Tik Tok Instagram SnapChat Facebook WhatsApp X (formerly Twitter) Ask.FM

*Parents can research these apps/sites and many others to understand all the potential risks

*Read the "help center" information for social media sites to understand the age recommendation, privacy policy, and the community.

*The sites teens use change with the site's popularity amongst their social group. What is popular today may not be in six months.

*Know what apps/sites your children use and engage in discussions on using responsibly

**Never post personal information*

**Some apps have led to bullying and harassment*

**Explain the "forever" implications of posts and photos. Colleges and employers do check social media profiles.*

***Parents should have their children's passcodes to their phone and all devices to monitor what sites they access and how they are using those sites.**

REMEMBER to always stay alert for scams, trolls, and other undesirable content.
